38 CFR Ch. I (7-1-06 Edition)

daily living, but not including normally occurring visual or hearing impairments; and

(8) Those visually or hearing impaired so severely that the provision of sensori-neural aids is necessary to permit active participation in their own medical treatment.

(c) VA will furnish needed hearing aids to those veterans who have service-connected hearing disabilities rated 0 percent if there is organic conductive, mixed, or sensory hearing impairment, and loss of pure tone hearing sensitivity in the low, mid, or high-frequency range or a combination of frequency ranges which contribute to a loss of communication ability; however, hearing aids are to be provided only as needed for the service-connected hearing disability.

§ 17.150 Prosthetic and similar appliances.

Artificial limbs, braces, orthopedic shoes, hearing aids, wheelchairs, medical accessories, similar appliances including invalid lifts and therapeutic and rehabilitative devices, and special clothing made necessary by the wearing of such appliances, may be purchased, made or repaired for any veteran upon a determination of feasibility and medical need, provided:

(a) *As part of outpatient care.* The appliances or repairs are a necessary part of outpatient care for which the veteran is eligible under 38 U.S.C. 1712 and 38 CFR 17.93 (or a necessary part of outpatient care authorized under § 17.94) or

(b) *As part of hospital care.* The appliances or repairs are a necessary part of inpatient care for any service-connected disability or any nonservice-connected disability, if:

(1) The nonservice-connected disability is associated with an aggravating a service-connected disability, or

(2) The nonservice-connected disability is one for which hospital admission was authorized, or

(3) The nonservice-connected disability is associated with and aggravating a nonservice-connected dis-

ability for which hospital admission was authorized, or

(4) The nonservice-connected disability is one for which treatment may be authorized under the provisions of § 17.48(f), or

(c) *As part of domiciliary care.* The appliances or repairs are necessary for continued domiciliary care, or are necessary to treat a member's service-connected disability, or nonservice-connected disability associated with and aggravating a service-connected disability, or

(d) *As part of nursing home care.* The appliances or repairs are a necessary part of nursing home care furnished in facilities under the direct and exclusive jurisdiction of the Department of Veterans Affairs.

§ 17.151 Invalid lifts for recipients of aid and attendance allowance or special monthly compensation.

An invalid lift may be furnished if:

(a) The applicant is a veteran who is receiving (1) special monthly compensation (including special monthly compensation based on the need for aid and attendance) under the provisions of 38 U.S.C. 1114(r), or (2) comparable compensation benefits at the rates prescribed under 38 U.S.C. 1134, or (3) increased pension based on the need for aid and attendance or a greater compensation benefit rather than aid and attendance pension to which he or she has been adjudicated to be presently eligible; and

(b) The veteran has loss, or loss of use, of both lower extremities and at least one upper extremity (loss of use may result from paralysis or other impairment to muscle power and includes all cases in which the veteran cannot use his or her extremities or is medically prohibited from doing so because of a serious disease or disability); and

(c) The veteran has been medically determined incapable of moving himself or herself from his or her bed to a wheelchair, or from his or her wheelchair to his or her bed, without the aid
